Tutorial de uso de Springer por Estela Andrade
se distribuye bajo una [Licencia Creative Commons Atribución 4.0 Internacional](https://creativecommons.org/licenses/by/4.0/).

En este tutorial se orienta en el uso de las herramientas de búsqueda disponibles en el portal de Springer.

es una de las principales bases de datos interactivas del mundo en el área de la ciencia y la tecnología. Brinda acceso a aproximadamente 1600 revistas del sello editorial Springer desde el año 1997 al presente.

Y da acceso a las colecciones de e-books editados entre 2005-2020, más el archivo de libros editados con anterioridad al año 2005, que contiene aproximadamente 190.000 títulos.

Desde <https://foco.timbo.org.uy/colecciones> se accede a *Springer* haciendo clic en el ícono correspondiente.

investigaci

Es conveniente tener presente *técnicas de búsqueda con operadores booleanos*.

AND combina los términos de la búsqueda de modo que cada resultado contenga todos los términos. Por ejemplo: energy AND renewable recupera resultados que contengan ambos términos energy *y* renewable.

OR combina los términos de la búsqueda de modo que cada resultado contenga, al menos uno de ellos. Por ejemplo: college OR university encuentra resultados que contengan college *ó* university.

NOT excluye términos de la búsqueda, de modo que cada resultado no contenga el término que se pone después del operador NOT. Por ejemplo: television NOT cable recupera resultados para televisión pero *no* para cable.

También es posible buscar por tipo de publicación: libros, revistas, etc. y descargar artículos de revistas que la ANII haya suscripto a través de TIMBO así como también una colección de e-books completa desde el año 2005 al 2020

The screenshot displays the Springer website interface. On the left, there is a navigation menu with categories: Philosophy, Physics, Psychology, Public Health, Social Sciences, and Statistics. Below this is a table showing the number of resources available for each type of publication.

Browse 6,723,111 resources	
Articles	4,546,718
Chapters	1,860,374
Reference Work Entries	285,432
Protocols	30,587

Featured Journals section shows four journal covers: 'Complex Analysis and Operator Theory', 'Journal of Inequalities and Applications', 'International Journal of Educational and Vocational Guidance', and 'Journal of Geographical Systems'.

Featured Books section shows four book covers: 'Process Modelling, Identification, and Control', 'Interest Rates, Exchange Rates and World Monetary Policy', 'Economic Growth, Modelling, Forecasting and Development', and 'Towards Estimating Entrainment Fraction for Dust Layers'.

At the bottom, a navigation bar displays '6.817.970 scientific documents at your fingertips' and a 'Browse by Discipline' dropdown menu. Below this are three columns of links: 'Our Content' (highlighted with a red box and arrow), 'Other Sites', and 'Help & Contacts'. The 'Our Content' column lists: Journals, Books, Book Series, Protocols, and Reference Works. The 'Other Sites' column lists: Springer.com, Springer Images, Springer Protocols, Springer Materials, and Springer Reference. The 'Help & Contacts' column lists: Contact Us, Feedback Community, and Impressum. A chess knight logo is visible in the bottom right corner.

Se puede buscar por título de artículos o capítulos de libros.

Para abrir la opción de búsqueda avanzada hacer clic en el ícono a la derecha de la lupa.

The screenshot displays the Springer Link website interface. At the top left is the Springer Link logo. To its right is a search bar with a magnifying glass icon. Further right are links for 'Sign up / Log in', 'English', and 'Academic edition'. Below the search bar is a navigation bar with 'Home' and 'Contact Us' on the left, and 'Access old SpringerLink' on the right. A red arrow points to a gear icon in the search bar area, which is highlighted by a red box. A tooltip over the gear icon reads 'Open search options'. Below the tooltip are two links: 'Advanced Search' and 'Search Help'. On the left side of the page is a 'Browse by discipline' menu with a list of subjects including Architecture & Design, Astronomy, Biomedical Sciences, Business & Management, Chemistry, Computer Science, Earth Sciences and Geography, Economics, Education & Language, Energy, Engineering, Environmental Sciences, Food Science & Nutrition, Law, Life Sciences, Materials, Mathematics, Medicine, and Philosophy. The main content area features a large heading: 'Providing researchers with access to millions of scientific documents from journals, books, series, protocols and reference works.' Below this heading are two book covers: 'CURRENT RHEUMATOLOGY REPORTS' and 'Bijdragen en behandeling van artrose en artritis'. To the right of the covers is an orange box with the text 'New books and journals are available every day.' At the bottom of the page is a 'Recent Activity' section with the sub-heading 'What's being read within your organisation'. It lists two items: 'Chapter Conclusions Bacterial Fish Pathogens, 2012' and 'Chapter', both with a timestamp of '1 min ago'.

Desde **advanced search** se puede hacer diferentes búsquedas avanzadas con un delimitador de período de tiempo.

The screenshot shows the Springer Link website interface. At the top, there is a search bar with a magnifying glass icon and a settings gear icon. Below the search bar, there are navigation links for "Home" and "Contact Us", and a button labeled "Open search options" which is highlighted with a yellow box. To the right of this button is a link for "Access old SpringerLink".

Desarrollo profesional en bioingeniería y biotecnología

[logar](#) > Libro

Editores: [Guruprasad Madhavan](#), [Bárbara Oakley](#), [Luis Kun](#)

Proporciona una descripción general de las diversas oportunidades profesionales y laborales abiertas a estudiantes y profesionales en bioingeniería, biotecnología y áreas relacionadas.

Presenta relatos de primera mano de eminentes profesionales de las competencias técnicas e interpersonales necesarias para tener éxito.

Aborda un área en la que se espera que el número de oportunidades de empleo aumente en más del doble que las tasas de otros campos de ciencia e ingeniería.

Cubre oportunidades, dificultades y perspectivas futuras para el desarrollo profesional en cada área.
